

HUPX Group – Refinitiv Workshop

What will shape the CEE and SEE power and gas markets? HUPX Group, a force to be reckoned with

Agenda

POWER SESSION

April 13, 2021

11:00 – 12:30

11:00- 11:05 **Welcome: dr. Mátyás Vajta, CEO**

11:05 -11:30 **Keynote speech: László Varró, Chief Economist, International Energy Agency**

Energy market trends affecting the power market (eg. renewables, hydrogen, decentralization, e-mobility).

11:30 – 12:15 **Panel discussion - Moderator: Richárd Hlavay, Senior Communication Associate, MAVIR Ltd. and Owner of Energiainfo.hu blog**

- How does European power trading respond to the changes? What are the trends and future perspectives? What are the attractive products / platforms?
- How exchange trading is useful and relevant in this context (security, predictability)?
 - o decentralization, flexibility, new market players, role of ID market, algo trading, benefits of market couplings (mainly IDM focus)
 - o hydrogen, one of the popular ideas for balancing renewables today: what do you need to bring it to the market (it can be a completely new market)
 - o renewable financing in a volatile environment, long-term futures products, PPA (HUDEX)
- **Christian Baer**, Secretary General, Europex
- **Gábor Szatmári**, Head of Sales, HUPX
- **Mihaela Puica**, Senior Analyst, European Power Markets, Refinitiv
- **12:15 – 12:30 Q&A**

GAS SESSION

April 14, 2021

10:00 – 11:30

- How will gas infrastructure projects in the region influence natural gas market trends
 - How will the new sources (LNG) affect prices in CEE and SEE?
 - What's the perspective for CEEGEX and the role of HUDEX Natural Gas in establishing a Hungarian forward curve?
-
- **10:00- 10:05 Welcome: Dániel Garai, CEO**
 - **10:05 – 10:30 Keynote: Greg Molnar, Gas Analyst, International Energy Agency**
 - **10:30 – 11:15 Panel discussion - Moderator: Pál Ságvári, Vice President at the Hungarian Energy and Public Utility Regulatory Authority and the Energy Regulators Regional Association**
